WHAT MAKES IT WORK?

Rev3 Energy Surge Pack contains a natural source of caffeine derived from the leaves of three different types of teas. With 80 mg of naturally derived caffeine, Rev3 Energy Surge Pack contains about as much caffeine as an average cup of coffee, but without many of the potentially harmful ingredients, such as large amounts of sugar, excessive calories, or artificial preservatives.

THE ENERGY COMPLEX

Malic acid and citric acid are part of Rev3 Energy Surge Pack's complete energy complex. These ingredients are broken down and eventually enter the Krebs cycle (citric acid cycle) and electron transport chain where they help refuel the body's energy stores.

THE USANA DIFFERENCE

Rev3 Energy Surge Pack has no artificial flavors, no artificial sweeteners, no artificial preservatives, and no artificial colors. It contains naturally derived caffeine from blend of teas for improved mental alertness and stamina. Teas also provide numerous beneficial ingredients, including a thermogenic agent to aid in energy production, and antioxidants and phytonutrients known to be beneficial to health and metabolism.*
